geos

Reihenhaus

German for RowHome, this 1,056 sf, two-bedroom attached home also has a full 528 basement, and the dining/kitchen area opens to a sunny outdoor space.

The arrangement of the home on the site harkens back to German and English Garden Cities, where quaint walkways weave through the block and by little victory gardens.

Parking and a storage shed for each home is on the alley, or you may park right by your front door.
